### **CMX NAMES JOHN ARANEO, P.E. ASSISTANT BRIDGE DEPARTMENT MANAGER**

**MANALAPAN, NJ –NOVEMBER 10, 2009** – Metuchen resident John Araneo joins CMX as the assistant bridge department manager. In this role, Araneo will be responsible for managing and overseeing a multitude of the company's highway bridge projects.

Araneo brings to CMX more than 30 years of engineering experience in managing and designing transportation infrastructure projects for state and local agencies. His experience includes highway bridge projects, which he performed for clients such as the New Jersey Department of Transportation (NJDOT), New Jersey Turnpike Authority (NJTA) and counties throughout the state during his professional career at both multi-national and local, state-based engineering firms.

Throughout his career, Araneo has served as a member of professional engineering organizations including the American Society of Engineers (ASCE), American Society of Highway Engineers (ASHE) and American Institute of Steel Construction (AISC). He also served as past secretary of the New Jersey ASCE section; a member of the Consulting Engineer Council and past legislative committee co-chairman of the New Jersey Society of Professional Engineers (NJSPE).

Araneo has a master's degree in civil engineering from the New Jersey Institute of Technology, a bachelor's in civil engineering from the University of Maryland and a master's degree in business administration from Fairleigh Dickinson University. He holds professional engineering registrations in the states of New Jersey, New York, Virginia and Pennsylvania.

CMX is an engineering and consulting firm with 500 employees offering a broad range of services for public and private clients from 16 office locations strategically located throughout the Northeast and Florida.
