CMX NAMES JOHN WALSH CHIEF OPERATING OFFICER

MANALAPAN, NJ – OCTOBER 13, 2009 – CMX is pleased to announce John E. Walsh as the company's chief operating officer. In his new role, Walsh will be responsible for the day-to-day operations of the engineering and consulting firm.

Walsh joined CMX in 2001 and since then, has served in a variety of management positions within the company, including most recently, managing principal of the company's public works transportation and environmental units where he oversees eight practice areas for numerous public and private clients.

Prior to joining CMX, Walsh was the founder and president of Bay Pointe Engineering Associates, Inc.

In addition to 35 years of experience in municipal engineering, he has also served local government as a municipal administrator, the director of a public works department, a building inspector, a zoning official, and a code enforcement officer.

Throughout his career, Walsh has served in a variety of roles in a number of professional engineering organizations including serving as the NJ Commissioner of the Interstate Environmental Commission, a tri-state Environmental Agency in New York. He has also been recognized with honors and awards including "Resident of the Year" by the American Institute of Architects and Civil Engineer of the Year by the New Jersey section of the ASCE among others. He also currently serves as a Director for Ocean First Financial Corporation in Toms River, NJ.

"We are confident in John's ability to drive operating performance, increase revenue and effectively manage operating profits to ensure CMX remains steadfast, strong and successful, said Bret H. Bero, interim CEO of CMX.

Walsh holds a bachelor's degree in engineering technology from the New Jersey Institute of Technology, an associate's degree in civil engineering technology from Ocean County College, as well as professional engineering registrations in both New Jersey and Pennsylvania.
